

How Do You Rate Your Energy Transmission System ?

LIOS Technology GmbH is pleased to formally invite you to visit **Middle East Electricity 2008**, taking place on **February 10 - 13, 2008** in Dubai.

Our booth number: Zabeel Hall, ZJ49
Dubai International Exhibition Centre

In this show, we proudly present full range and latest **Distributed Temperature Sensing (DTS)** systems for high voltage power cables and overhead lines.

We provide customised software solutions for power cable and aerial line real-time monitoring including data storage, visualisation, **Dynamic Cable Rating (RTTR)** and **integration into SCADA systems.**

Please contact us directly at info@thermal-rating.com or www.thermal-rating.com for more information.

We look forward to seeing you in Dubai!

The Power Behind The Middle East Energy Industry
10 - 13. February 2008
